PROJECTS

PayrollPro – Payroll Management System [Live Link] **HTML, CSS, JavaScript, LocalStorage, jsPDF**

- Developed a web-based payroll management application to track employee attendance, salary calculations, and payslip generation.
- Implemented automated attendance-based salary deduction logic to eliminate manual calculation errors.
- Utilized browser LocalStorage for client-side persistence and integrated jsPDF for generating downloadable digital payslips.

Personal Portfolio Website [Live Link] **HTML, CSS, JavaScript, GitHub Pages**

- Designed and deployed a responsive personal portfolio to present academic qualifications, technical skills, and project links.
- Ensured multi-device compatibility and clean user interface navigation across desktop and mobile screens.
